

Greetings from PT Solutions!

Thank you for reaching out with interest in interning with our practice. Our Student Program Team seeks to provide students across the country with a premier clinical internship experience.

Our preference for coordinating internships is that you work with your university's Director of Clinical Education or Academic Fieldwork Coordinator to send our student program team ([studentprogram@ptsolutions.com](mailto:studentprogram@ptsolutions.com)) a request for the clinical rotation.

Please have your DCE send us a request with the following information:

- Desired clinical setting
- Desired location
- Your name
- Your email address
- Your graduation date
- Your phone number

If we can accommodate your request, one of our student program specialists will reach out to you and your DCE directly to confirm the placement. Thank you again for reaching out to us and we look forward to the opportunity of working with you in the future.

PT Solutions Student Program Team
